

10/12/21

Family and Friends,

We would like to update you in regard to the Covid 19 issue presently facing all facilities in the area. At this time, all of our residents are COVID FREE. We have two (2) management staff members who have tested positive. Out of an abundance of caution, we have tested all staff, all are COVID FREE.

To ensure resident safety, we are restricting visitors for this week and will reevaluate at week's end after subsequent testing is done.

Please feel free to call our Director of Social Service, Sharlyne Gan, 845-268-6813 x 119 or Dorothy Corbett, Administrator, CEO, x 112.

We will keep you informed as the week progresses.

Thank you for your understanding and cooperation.
